

Nurse Delegation Program

Guidelines For Handling Over The Counter Medications In ADMH Certified Residential And Day Treatment Settings

A MAS RN/LPN may place a factory labeled and sealed, single dose, over-the-counter, as needed (PRN) medications in a plastic bag with a closure.

The bag shall be labeled with the

- consumers' name
- facility/program name
- date single dose meds were placed in the bag by the MAS RN/LPN.

The MAS RN/LPN shall

- check expiration dates on all single dose packages
- initial the plastic bag and enclose a copy of the MD standing orders inside the bag with the factory sealed single dose over-the-counter medications
