

Auburn Pride

Ashley

I live in Montgomery Alabama with my parents. I have two black labs Cody and Dixon who live with me also. I enjoy spending time with them when I am at home. I learned to walk when I was six years old and I am learning to be independent and do things for myself. You see it is very important to me to be able to walk and move around and do things for myself. I can't run but I can walk fast when I am playing with Cody and Dixon.

I enjoy attending McInnis Center where I have many friends. Most of the days are happy ones in my life, but just like everyone else I have my bad days too. I enjoy working with puzzles and going for walks. My family and I are huge Auburn fans. I like doing things with my hands, helping mom around the house and helping to taking care of Cody and Dixon. For fun I love playing with my dogs outside and lying out around the pool in the sun.
