

My Special Feeling – Expressing Myself
Robert C.

There are a number of things which I cannot do for myself, but that does not keep me from trying to do the best I can. I am a 44 years old and have cerebral palsy. My family and friends call me Bobby. I have some contact with my family, and I miss them very much. I am very happy with my family at Milton Road and receive good care there.

I don't think that I am an artist, but I love to look and do beautiful things in life. I love different colors of paint. I try to express my feelings in the art work I do. This type of art gives me a special meaning to exercise the thoughts in my mind and how I feel within my body. I do not paint often, but when I do, I feel much better, and I have a better look on life for myself.
