

April Showers
Gregory

To participate in the arts, including music, is sheer enjoyment for me. Singing Karaoke and doing “Elvis” impersonations is an activity that I like to do as well.

I enjoy apartment living. I enjoy socializing with family and friends in the community and at the Hanan Center. Working at the Hanan Center is very meaningful to me. Keeping my hands busy and using my skills along with the process of acquiring new skills altogether seems to give me a sense of purpose.

Going to church weekly is much fun for me for I get to see some extended family in the congregation. Swimming and bowling are my favorite sports. I have a personal assistant who is nothing short of a joy to be with for afternoon and weekend excursions to a local eatery or store.
