

Henry's Place

Henry

I am 59 years old and was born in Paris, France while my father was stationed there with the Air Force. I am a very easygoing and greet everyone with a giant smile and a big hug. I am comfortable around most people. I enjoy watching television, feeding my fish, being in the middle of a big, happy group of people, and being able to get out in the community. I worked at the Montgomery Country Club for over 10 years and was very proud when I received my 10-year pin plus a bonus check. I look forward to adopting a dog from the Humane Society as soon as I buy all the supplies I'll be needing ... dog house, food, bowls, toys, etc. Then I'll go pick out my dog.

I have never had experience with drawing or painting growing up or in my adult years until I became part of VOA. I discovered painting. I have a real penchant for abstract art, and VOA is encouraging my budding talent.
