By Monique Cowan [CONNECT](#)

MONTGOMERY, AL (WSFA) - The Alabama Shakespeare Festival will present a sensory friendly performance of the Broadway musical "Mary Poppins."

The performance features a supportive environment for families with a loved one who has developmental disabilities. Adaptations to the performance include lower sound levels, house lights on at about 50 percent and elimination of potentially startling special effects and lighting.

During the performance patrons will enjoy a more relaxed atmosphere:

- They will be free to get up and move around as needed
- Electronics are permitted for therapeutic uses (except photography or videography)
- Volunteers will be around the theater for assistance
- Quiet areas and activity areas will be in the lobby for taking breaks

Ear plugs will also be available.

The show will be held on Aug. 2 at 2 p.m.
