Alabama's CCBHC Demonstration Entry for Potential CMHC entry by July 1, 2025

Certified 310 Community Mental Health Centers interested in joining Alabama's Certified Community Behavioral Health Clinics (CCBHC) Medicaid Demonstration must complete the following deliverables as outlined:

1. Complete an agency self-assessment of the CCBHC Criteria Checklist found [here](#) and schedule time with ADMH to discuss ratings.
2. Schedule pre-meeting with ADMH staff to discuss provider capacity and readiness.
3. Submit a complete CCBHC Provider Application by January 15, 2025.
4. Submit a complete CMS Cost Report to ADMH by January 31, 2025.
5. Submit a Community Needs Assessment (CNA) for each location to be considered a CCBHC by January 31, 2025.
6. Complete the Alabama Medicaid Agency provider enrollment application for CCBHC.

Before a CMHC can be considered into Alabama's CCBHC Demonstration, a CMHC must meet ADMH's certification requirements and be *certified* as an Alabama CCBHC.

The ADMH **must** receive approval from SAMHSA before a CCBHC is determined eligible for demonstration entry. Additionally, an Alabama CCHBC **must** have a certified PPS rate by the Alabama Medicaid Agency to be eligible to claim the PPS-1 daily rate for CCBHC services.

The ADMH will be required to submit an approval packet on behalf of the interested CCBHC. **The ADMH may request additional materials from the CCBHC to submit for approval. All materials must be submitted to ADMH no later than **April 30, 2025**, to allow time for SAMHSA approval.**

If you have questions about this process, please email shalandra.rogers@mh.alabama.gov.
