## LOCAL 310 BOARD PLAN FOR FY 2024-26

FOR

Highland Health Systems

## TWO YEAR PLAN FOR FY 2024-26

Highland Health Systems

A comprehensive 310 Board serving Calhoun and Cleburne counties.

Populations served include persons with mental illness, developmental disabilities and substance use.

## **Vision Statement**

To be a model community service system known for its integrity, professionalism, and uncompromising commitment to our clients. To be the service provider of choice in the delivery of valued community services and adapting to the changing needs of our clients through input from community, consumers and prospective service users.

## **Mission Statement**

The Board of Directors of Highland Health Systems in response to needs presented by clients, families, advisory boards, prospective users, other agencies and governmental institutions, have committed the Center, its staff and resources, to the mission of providing a comprehensive, effective continuum of care. This continuum of care would address the needs of individuals, groups, families and prospective users and actively seek to assist in improving their lives. Our commitment to this mission is spelled out as follows:

1. To provide accessible, cost effective, high quality and goal-oriented outcome based mental health services to the people of Calhoun and Cleburne Counties.
2. To provide accessible and appropriate services to persons and/or families with problems that relate to psychiatric, habilitation, rehabilitation, or counseling needs and interventions.
3. To prioritize services to those who suffer from severe mental illnesses, children who experience severe emotional disturbances, individuals who are developmentally disabled, individuals who seek recovery or are recovering from addictions to alcohol/drugs. These mental health services would assist in clients bettering the quality of their lives, and to the general population as resources allow.
4. To base services on attaining the highest level of independent living and functioning in the least restrictive environment.
5. To guarantee quality through utilization of a program of continuous improvement.
6. To assist all staff in functioning as professionally capable and responsive care givers to insure effective response to client needs for as long as requested.
7. To work and grow in a caring partnership with the community and to be recognized as the leader in providing the highest quality of mental health services.
8. To conduct all activities in the highest ethical and professional manner; by attracting and retaining honest, qualified, courteous, dependable and productive employees; by offering opportunities for personal and professional growth; and by creating a safe, clean, therapeutic, cheerful environment with a caring atmosphere of mutual trust and respect.
9. To ensure client's rights are monitored and protected. Violations will be investigated according to state standards, and Board policies and procedures. Violations are reported to Board of Directors.
10. Periodically, solicit input from active and non-active service users concerning HHS services and programs. Information is collected from prospective users

through public events, training and educational opportunities, and collateral contacts with other agencies, advocates, and family members. The data gathered is assembled from information collected and forwarded to the Executive Director. Aggregate data is then forwarded to the Board of Directors and is used in the planning process for HHS.

### **VALUES / BELIEF STATEMENTS**

We value and believe in:

- Being compassionate, understanding and responsive to the opinions and needs of our clients and prospective clients.
- Exceeding the expectations of our clients and communities.
- Being creative and innovative in providing excellent services.
- Providing an environment in which all employees can excel and achieve personal growth.
- Promote teamwork and a cooperative working relationship.
- Managing resources to ensure financial security and integrity.
- Empowerment of people by recognizing their worth, dignity, strengths' and ability to make informed decisions.
- Delivering services at the earliest possible time to prevent or reduce traumatic interventions in the person's future.
- Promoting the participation of all people in the life of the community and this should not be diminished by the presence of any kind or level of mental illness, developmentally disabled, or alcohol and any other drug dependence.
- Enhancing partnership with Alabama Council of Community Mental Health Boards and the Alabama Department of Mental Health and Mental Retardation and other agencies with complementary goals.
- Seriously mentally ill, substance use, emotionally disturbed and developmentally disabled clients will be provided levels of care which meet their needs and are based on nationally established medically necessary criteria.

Services – to the extent allowed by financial resources – are available to all residents of Calhoun and Cleburne Counties regardless of age, sex, race, creed, national origin, diagnostic category, voluntary or involuntary status, ability to pay, handicap, social status, or length of residence in the catchment area.

***“To Those Who Need – By Those Who Care”***

### **I. Plan Development**

- A. **Planning Cycle** – Planning is an ongoing process, with formal plans developed at the end of each even-numbered fiscal year. This aligns with the development of two-year plans as required by the Alabama Administrative Code, Standards for 310 Boards. Additionally, the CEO presents strategic plans to the Board of Directors on a continuous basis.
- B. **Role of Key Stakeholders** – Key stakeholders include the Board of Directors, CEO, staff, certification teams, advocates, family members, and related parties such as other social service agencies and funding source representatives. These stakeholders play a crucial role in providing input to assess community needs. This input can be gathered through formal or informal methods, such as reports, reviews, surveys, complaints, grievances, or general observations. The collected data is compiled by the stakeholders and submitted to the CEO for approval. Once approved, the data is presented to the Board of Directors as a planning document.
- C. **Plan Monitoring and Evaluation** – The Board of Directors will review the plan to evaluate the process and determine whether any additions, deletions, or modifications are needed to the plan's goals and objectives.

  - m. Improve residential rates.

Unmet needs will be addressed on an ongoing basis through Administrative Team Meetings, MI Supervisor Meetings, and efforts in Quality Improvement, Quality Assurance, and Quality Enhancement. Directors, supervisors, and the CEO will evaluate each unmet need for potential implementation. The ongoing economic crisis continues to strain the development and expansion of services. Until funding becomes available for these initiatives, Highland Health Systems will continue to provide and maintain its current services.

2. Seek grants (local, state and federal) for assistance with unmet services.

## **Goal 8**

### **Seek funding for uncompensated care**

#### **Objectives**

1. Seek funding through the Department of Mental Health.
2. Seek funding through lobbying efforts with local and state legislatures.
3. Lobby state legislation to pass Medicaid expansion bill.
4. Assist individuals with social security disability applications.

### **Goal 9**

**To increase the utilization of telehealth services for primary care and behavioral health care for individuals in their homes with limited transportation, poor health or inability to take leave from employment.**

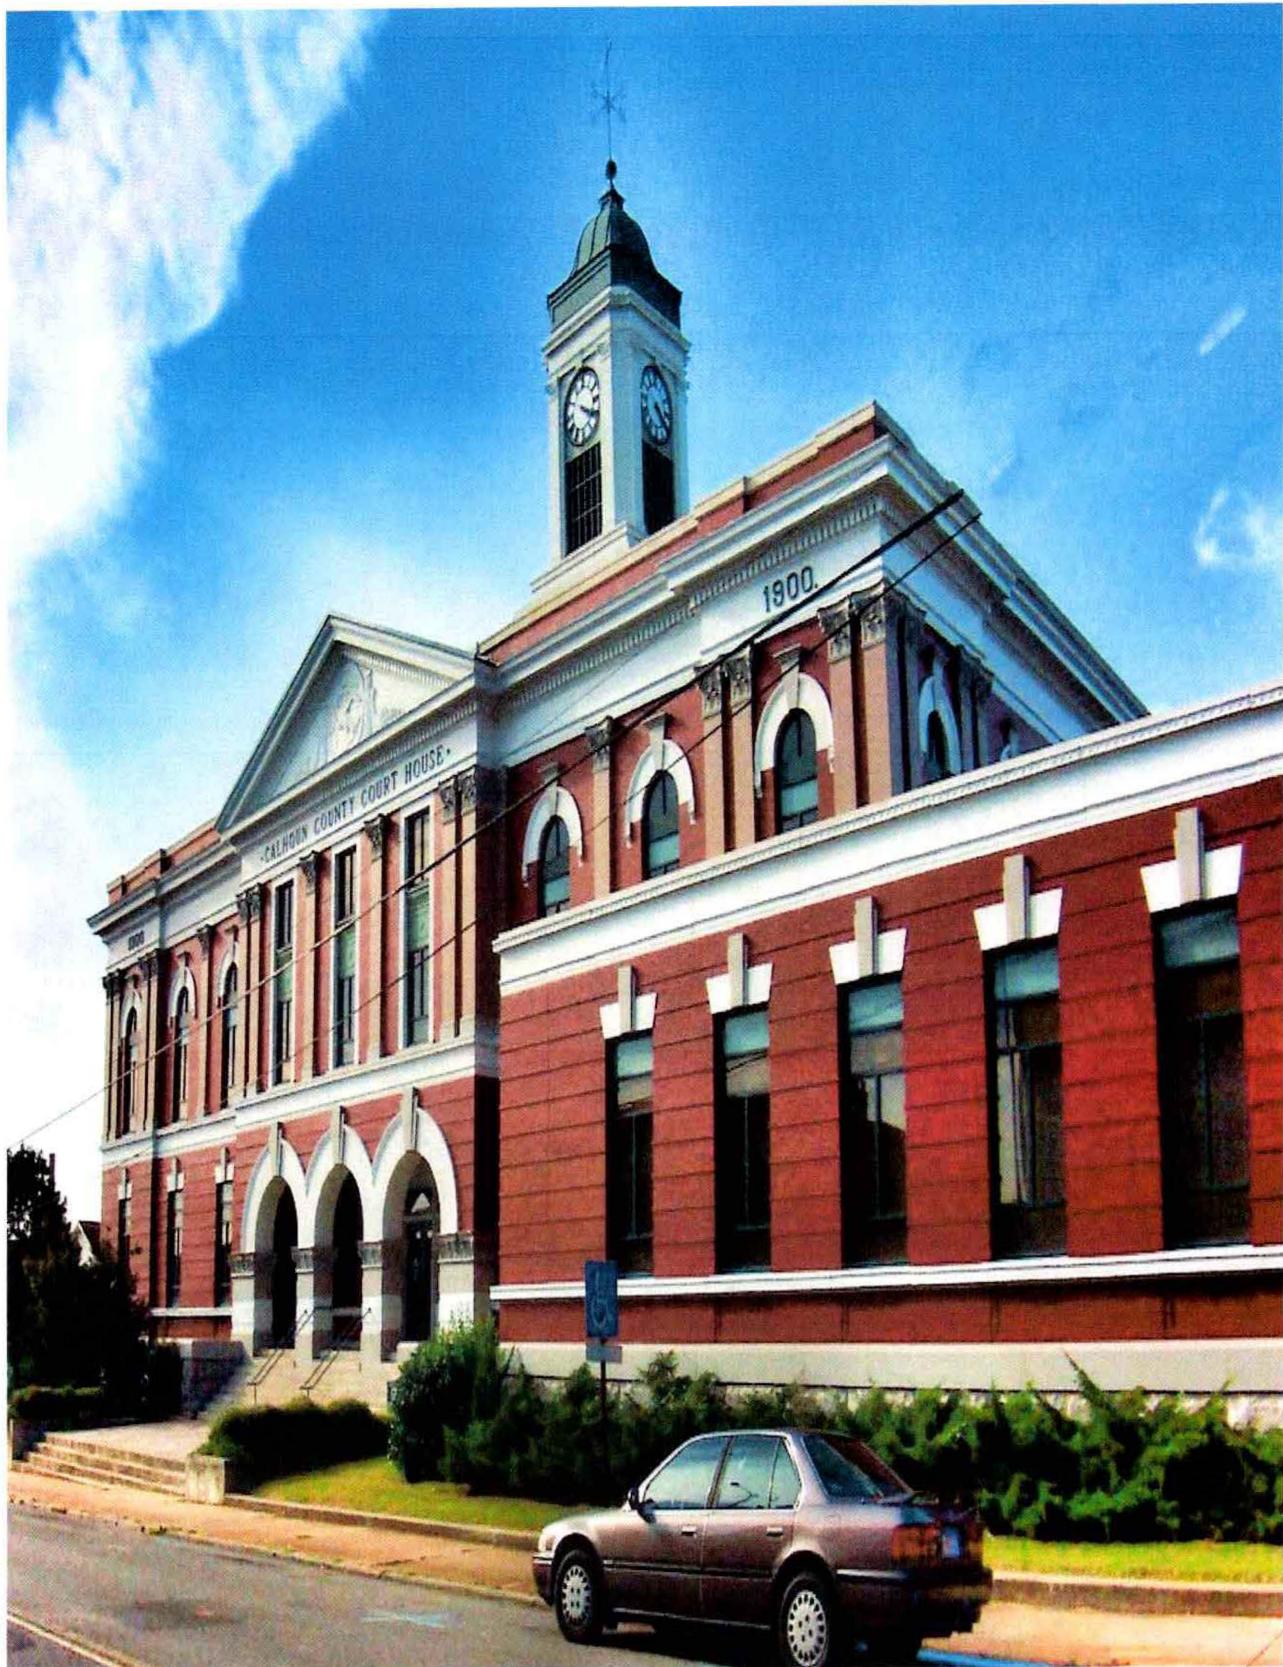

#### **Objectives**

1. Expand telehealth platform through new software.
2. Expand business hours for consumers that cannot receive services within normal business hours.
3. Assist consumers with necessary assistance and telehealth equipment when possible.
4. Implement a pilot project for select consumers/families. Use pilot project as a basis to expand at different locations within catchment area.

## **Emergency Services**

The general function of the Emergency Service is to provide around-the-clock crisis intervention to those persons who are in need of immediate care. Intervention is accomplished either by telephone or face-to-face contact, depending upon the nature and extent of the emergency. The Emergency Service provides services 24 hours a day, seven days a week by calling 256-236-3403.

## **VA Court**

The Calhoun County Veterans Treatment Court was created to assist justice-involved Veterans dispose of criminal charges while receiving services that will allow them to once again become productive members of society. Participants are supervised by our Veterans Treatment Court Coordinator, Daniel Sheppard and attend bi-weekly court sessions presided over by Judge Tim Burgess. We ensure sobriety through a random drug testing system. The participants are paired with a Veteran Mentor who provides support and encouragement throughout the process. Through our partnerships with Veterans Affairs, Highland Health Systems, and numerous non-profit organizations, we have been able to assist hundreds of Veterans restore their lives.

### **Mental Health Court**

The Calhoun-Cleburne Mental Health Court provides an alternative to the traditional criminal justice model for defendants who suffer from a serious mental illness. Participants are supervised by our Mental Health Court Coordinator, Daniel Sheppard and attend monthly court sessions presided over by Judge Tim Burgess. They must comply with all treatment recommendations by their therapist and treating psychiatrist. We ensure medication compliance and sobriety through a random drug testing system. Through our partnership with Highland Health Systems, we have been able to help hundreds of participants become productive members of society.

### **Stepping Up Initiative**

Reducing recidivism rates among inmates in Cleburne County Jail linking inmates to sources including but not limited to the following: housing, employment, mental health, substance use, and health care.
