

Mission Statement

The Office of CCBHC mission is to transform behavioral and physical health across the State of Alabama, one that ensures every person, in every community, can access compassionate, comprehensive, and high-quality care. The Office of CCBHC is dedicated to empowering providers as they embark on their CCBHC journey, offering guidance, technical assistance, and a partnership rooted in shared purpose and goals.

Through collaboration, innovation, and an unwavering commitment to excellence, we work to elevate the standard of care for all Alabamians. Together, we strive to create a future where services are not just available, but transformative. Offering hope, healing, and opportunity to every individual who seeks them.
